TRAINING / COURSES

Basic Data Structures and Algorithms

Object-Oriented Programming OOP with C++, Java

STRENGTHS

Analytical Skills
Strong analytical and problem-solving abilities

Adaptability
Quick learner with the ability to adapt to new technologies

Communication Skills
Excellent communication and teamwork skills

KEY ACHIEVEMENTS

Portfolio Web Page Development
Successfully built a fully functional portfolio web page showcasing my skills and projects

SKILLS

C/C++   CSS   Data Structures

EMR   HTML   IntelliJ   Java

JavaScript   Linux   OOP   Python

Visual Studio   Visual Studio Code

C++ Programming   Intellij IDEA

INTERESTS

Coding Club Member - D-CodersSquad
Active participation in a college coding club, focusing on web development

PROJECTS

Portfolio Web Page

📅 04/2024   05/2024   📍 Not Applicable

A personal project to develop a web page highlighting my skills and previous work

- Built a portfolio web page using HTML & CSS
- Gained hands-on experience with HTML & CSS by creating a fully functional web page
- This portfolio showcases my skills and projects
